

COVID-19

SOCIAL DISTANCING

Protect Yourself and Your Colleagues Too

Follow a few simple rules

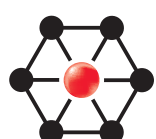

Limit movement outside of your area of activity

Respect the social distance (2 metres) at your workstation and in common areas

Memorize and note as needed:

- Frequented places (at work)
- Colleagues with whom you have had close interaction (less than 2 metres for more than 15 minutes)
- Colleagues with whom you have had direct contact (hugs, handshakes, etc.)

Thank you for your cooperation!
